PURE WHITE

PERMAGUARD® is a newly developed topcoat protective finish that permits frequent cleaning of Spradling's coated fabrics for upholstery. Spradling's proprietary barrier coating makes maintenance easy. Most difficult stains are effortlessly cleaned with a dry tissue, and stubborn soiling may be eliminated with isopropyl alcohol. Not only do stains disappear in seconds, but PERMAGUARD® provides unequalled resistance to scratches, scuffs, and abrasion. No other marine vinyl surpasses PERMAGUARD®'s stain resistance and long term, trouble-free performance.

Hi-Loft²™ is a specialty knitted textile manufactured with 100% polyester yarns aimed at creating a backing with bulk, strength, and unusual softness. When combined with a vinyl surface, an extremely soft hand quality is achieved without sacrificing product performance. (Adhesion, tear strength, and stretch strength properties are also improved.)
